NOTE: This corner position represents a title corner and may not necessarily be in the position of the Record corner.

CORNER HISTORY: There was no mention of a center marker in the 1883 Atlas. A notation was made in the Washington Township Legal Survey Book 8 page 2 "notation marked G" but the description was lost due to the book aging before laminating it. There is documentation for that monument in the Washington Township Legal Survey Book 8 page 164. Monument set at section line and centerline of Monon just N of 91st Street. Corner reference dated 12-21-1954 called for boat spike. Note was attached that states: This corner position represents a title corner and may not necessarily be in the position of the record corner. Corner reference dated 1-26-76 by Miller called for boat spike at centerline of Monon on section line 20.50' north of the centerline of 91st Street. Corner reference dated 3-13-87 by R. Miller called for railroad spike per Weihe Engineering survey. Traverse dated June 1988 by D. Burnett called same. Corner reference dated 9-16-1994 by Wilcoxon called PK nail found. Corner reference dated 7-26-1999 by Wilcoxon had a note attached as: PK nail is 0.42 S of S-edge of concrete path. Corner reference dated 05-05-2005 by Wilcoxon called MCSO capped rebar set.
